

Melbourne University Kendo Club Beginner Course 2018

I. Introduction to 2018 MUKEN Beginner Course

The MUKEN Beginner Course provides a foundational training and understanding of kendo. It is aimed at complete beginners - no experience with kendo or any other martial art is required. Over a 10 week period starting from Monday February 26, lessons will be given twice a week in a group setting by experienced instructors. Those who have completed the course will be invited to join the club and take their place in our regular club training sessions. Course content includes an introduction to dojo etiquette, safety, the basic movements in kendo and our club training routines.

Over a 10-week period starting from Monday February 26, lessons will be given twice a week in a group setting by experienced instructors. Training takes place twice a week in the Sports Centre West Stadium:

- Mondays 5:30-7:30pm AND
- Thursdays 5:00pm – 6:30pm.

The first week of the course (26 Feb and 1 March) is free – do invite your friends and family to try out Kendo! Registration will take place on Monday February 26 – please turn up at least 30 minutes before the start of training. If you are unable to turn up on Monday, please come by early on Thursday 1 March to get registered.

Full attendance is expected for both the beginners' course and for our regular training. However, we understand that work and study commitments do come in the way some times. It is possible to make progress while training only once per week, but instructors have limited time to give extra attention to those who do not attend regularly.

Kendo is a physically demanding, contact activity. Average health and fitness is assumed. If you have any health issues that may impact on your ability to take part safely in this kind of activity you should consult your doctor and advise the Club before you commence training.

Please wear light and loose fitting clothes to training – tee shirt and track pants are a good option. Avoid long sleeved shirts and tight pants or skirts. It is not necessary to wear kendogi and hakama at the start of the Beginners' Course, though you may choose to wear them if you do have a set. If you decide to continue after the Beginners' Course, you will be expected to wear the uniform to all training sessions

Important Rules and Guidelines

Be ready to start on time: 5:30pm (Mondays) or 5:00pm (Thursdays).

Remove any hats, shoes, and socks before entering the dojo area.

All personal belongings must be kept inside the stadium and not left near the stairs.

Bags and shoes must be lined up neatly against the wall.

For all trainings, you must either wear light and loose fitting clothes or the kendo uniform (gi / hakama).

Assist with the setting up and cleaning of the dojo (before training) and packing up (after training).

Ensure that your equipment is well maintained and safe for use in training.

When assigned a bogu, pack it up correctly before storage.

Respect the instructors by listening and not speaking when they are giving instructions.

Do not leave your shinai lying around. When not in use lay them against the wall with the handle on the floor and tip facing up.

If you have trouble understanding the instructions let the instructors know. We will try to help you as much as we can.

Notify the instructor or a committee member if you are unable to attend a training session.

If you feel any pain or discomfort – stop training and inform the instructors immediately.
